POST OFFICE.

NOTIFICATIONS.

Simla, the 5th April 1886.

With effect from the 1st May 1886, the limit of weight for light parcels exchanged with the United Kingdom through the British Post Office* will be raised from 7 lbs. to 11 lbs. The postage rate (8 annas per lb.) and general conditions relative to such parcels despatched from India remain unaltered.

2. From the same date the maximum limit of weight for parcels exchanged with Malta and Gibraltar will be raised from 7 lbs. to 11 lbs.

3. Heavy parcels exchanged with the United Kingdom through the medium of the Peninsular and Oriental Steam Navigation Company* are not affected by this change; the maximum limit of weight for such parcels is 50 lbs. as heretofore.

4. The Commissioners of Customs in the United Kingdom have recently pointed out the frequent omission, on the part of senders, to give a proper or true description of the contents of parcels forwarded from India; special attention is called to Clause 211 of the Postal Guide, where it is distinctly stated that "the contents (of a parcel) should be stated in full detail, a separate description of each article, and its value, being given" and that "an incorrect declaration of value renders a parcel liable to confiscation."

SURVEY OF INDIA DEPARTMENT.

Rules for the supply of Maps and for the execution of Lithographic or Photographic work on the public service or on payment.

Supply of Printed Maps.

1. The Map Record and Issue Office, Calcutta, supplies printed maps from stock on book-debit on the public service. It also arranges for the colouring and mounting of maps when required, but work of this description must be paid for *in cash*, as well as charges for packing cases, carriage, and postage.

2. Maps can also be obtained from the abovementioned Office on payment *prepaid*, as well as from the following Local Agents, who, however, have no authority to issue maps on the public service:—

ALLAHABAD,—Curator of Government Books.
AHMEDABAD,—Huzoor Deputy Collector.
LAHORE,—Curator of Government Books.
MADRAS,—Messrs. Higginbotham & Co.

NAGPUR,—Curator of Government Books.
POONA,—Supdt., Govt. Photozincographic Dept.
RAJKOT,—Mr. Narainji Sunderji.
RANGOON,—Curator of Government Books.

SIMLA,—Messrs. Williams and Co.

3. All applications for maps on the public service should be made to the Assistant Surveyor General, in charge of the Map Record and Issue Office, 13, Wood Street, Calcutta, and should give full particulars as to the kind of map and its scale, and any other information that will guide this Office in knowing exactly what is required.

4. The mode of transit and address or station to which the maps are to be sent should invariably be specified.

5. Indent forms for maps on the public service can be obtained from the Assistant Surveyor General, in charge of the Surveyor General's Office.

6. Lists of all newly published maps are periodically notified in the Gazettes of India and Local Governments.

Requisitions for Lithographic or Photographic Work.

7. The Lithographic and Photographic Offices at Calcutta reproduce maps, plans and drawings by lithography and by photography on book-debit on the public service, and on cash payment in certain special cases only. The Trigonometrical Branch Office at Dehra Dun does not, as a rule, undertake work for other Departments.

8. As a rule, drawings in line can be reproduced by photozincography if suitably drawn in accordance with instructions, which may be obtained on application to the Assistant Surveyor General, Photographic Office, No. 1, Wood Street, Calcutta. Coloured and other drawings unsuitable for photozincography must be lithographed, but the cost is considerably greater.

9. Photographs if required in large numbers can be cheaply reproduced by the photo-collotype and heliogravure processes from suitable negatives.

10. All applications for Lithographic or Photographic work on the public service should, if possible, be submitted in the following form, which is not required in duplicate. Blank forms may be obtained on application to the Assistant Surveyor General, Surveyor General's Office.—

INDENT No. _____ on the ^{LITHOGRAPHIC}_{PHOTOGRAPHIC} OFFICE, S. I. DEPT., for _____ to be reproduced by _____
for the use of _____ dated _____ 188 _____

Description of Map or drawing.	Number of original sheets.	Scale.	Size of reproduction.	Number of copies required.	Quality and size of paper to be printed on.	Purpose for which required.	How and where to be despatched and other special instructions.
							The address which should be affixed to the parcels or cases to be distinctly given in full. Abbreviations sometimes lead to mistakes.

I do hereby certify that the maps, &c., specified in this indent are indispensably necessary to the best of my knowledge and belief, after the most careful examination.

Recommended.

Countersignature of approving authority.

Signature of Indenting Officer, with designation of appointment in full.

11. All necessary information as to the scale of reproduction, number of copies required, quality and size of paper, mode of transit, and address to which proofs and printed copies are to be despatched, should be shown on the face of the indent and not in a covering letter, unless more explanation is required than can be given on the face of the indent.

12. All indents must be duly approved and countersigned by the heads of departments, or the Government under which indenting officers may be serving, before they can be supplied, *vis.* :—

and they should be addressed to the Assistant Surveyor General, in charge of the Lithographic and Photographic Offices, Calcutta, at No. 1, Camac Street and No. 1, Wood Street, respectively.

13. Lithographic and Photographic work will be undertaken on behalf of Municipalities, Port Trusts, Railway Companies, the Trustees Indian Museum, and other quasi-official bodies for cash payment on indents in the form prescribed above. Private work cannot be undertaken except in very special cases, when it cannot possibly be done otherwise, and when the Office can take it up without inconvenience. On such work an extra charge of 10 per cent. will be made over and above the usual rates. In all cases where cash payment is required, an estimate will be given and the amount must be remitted before the work can be put in hand.

14. As a rule, maps and drawings reproduced by lithography or photography are not coloured, but in special cases where colouring is essential, it can be arranged for on cash payment, as prescribed under Rule 1. Packing and transit charges must also be paid by indentors.

15. To enable the indenting officer, as well as the officer who countersigns and finally passes an indent, to know the cost involved thereby, the average ordinary price of each description of work executed in the Lithographic or Photographic Offices is given in the annexed list

16. Indents should be regulated, not according to what an officer would like to have, but by what is absolutely necessary. It is in all cases an economy to have maps and drawings reproduced on as small a scale as possible.

NOTIFICATIONS.

Simla, the 5th April 1886.

With effect from the 1st May 1886, the limit of weight for *light* parcels exchanged with the United Kingdom through the *British Post Office** will be raised from 7 lbs. to 11 lbs. The postage rate (8 annas per lb.) and general conditions relative to such parcels despatched from India remain unaltered.

2. From the same date the maximum limit of weight for parcels exchanged with Malta and Gibraltar will be raised from 7 lbs. to 11 lbs.

3. *Heavy* parcels exchanged with the United Kingdom through the medium of the Peninsular and Oriental Steam Navigation Company* are not affected by this change; the maximum limit of weight for such parcels is 50 lbs. as heretofore.

4. The Commissioners of Customs in the United Kingdom have recently pointed out the frequent omission, on the part of senders, to give a proper or true description of the contents of parcels forwarded from India; special attention is called to Clause 211 of the Postal Guide, where it is distinctly stated that "the contents (of a parcel) should be stated in full detail, a separate description of each article, and its value, being given" and that "an incorrect declaration of value renders a parcel liable to confiscation."

POST OFFICE.

NOTIFICATIONS.

Simla, the 5th April 1886.

With effect from the 1st May 1886, the limit of weight for *light* parcels exchanged with the United Kingdom through the *British Post Office** will be raised from 7 lbs. to 11 lbs. The postage rate (8 annas per lb.) and general conditions relative to such parcels despatched from India remain unaltered.

2. From the same date the maximum limit of weight for parcels exchanged with Malta and Gibraltar will be raised from 7 lbs. to 11 lbs.

3. *Heavy parcels* exchanged with the United Kingdom through the medium of the Peninsular and Oriental Steam Navigation Company* are not affected by this change; the maximum limit of weight for such parcels is 50 lbs. as heretofore.

* See Clauses 217 and 225 of the Postal Guide, dated April 1886.

4. The Commissioners of Customs in the United Kingdom have recently pointed out the frequent omission, on the part of senders, to give a proper or true description of the contents of parcels forwarded from India; special attention is called to Clause 211 of the Postal Guide, where it is distinctly stated that "the contents (of a parcel) should be stated *in full detail*, a separate description of each article, and its value, being given" and that "an incorrect declaration of value renders a parcel liable to confiscation."

The 13th April 1886.

On and after the 1st May next the four descriptions of embossed envelopes described below will be available for sale to the public at Post Offices or by licensed stamp vendors at the prices stated :—

2. The new half-anna and one-anna envelopes are larger in size than those now in use, and the quality of paper is also superior in the case of the new envelopes.

3. The existing half-anna and one-anna embossed envelopes will still be offered for sale at the value denoted upon them.

4. The registration envelopes of both sizes are now introduced into India, for the first time: they are recommended for use in connection with registered letters as providing security against damage in transit and against tampering. It should be borne in mind that the embossed stamp on the registration envelopes represents the registration fee only, and that when using these envelopes postage stamps to the required amount should be affixed in the usual way in payment of ordinary postage.

5. An adhesive stamp of the value of 4½ annas will also be available for sale to the public by the 1st May or shortly afterwards. This stamp is intended for use on letters addressed to the United Kingdom and to countries served through the United Kingdom.
